

SSSC Learning Zone

**Looking for ways to develop and refresh
your skills?**

**Find out more about our free learning
resources and smartphone apps**

learn.sssc.uk.com

You can use our free and easy to use resources from a computer, tablet (like an iPad) or smartphone. Here is a selection of resources that we recommend for people working in care homes.

**Safe administration of medication
(SafeMed)**

Web, iPhone, Android

Use in your day-to-day work or expand your learning by undertaking the online learning modules.

**Adult support and protection
iPhone, iPad, Android**

This app has sections on legislation, what you should do if you have concerns and FAQs.

**Understanding dementia
iPad, Android**

This app will help increase your confidence when working with people with dementia and help you improve their quality of life.

**SVQ support apps
iPad, Android**

These four apps provide knowledge relating to the mandatory units of the social services and healthcare SVQs.

**Jargon and acronym buster (JAB)
Web**

This reference tool can help explain terms and abbreviations often used in social services.
